## नवपथ अवलम्बन: NEW PATHWAYS

Army Public School, Clement Town, strives to design an ecosystem for the students where each child grows, thrives and learns the life skills which would enable him/her to achieve a successful and contented life. The vision and the mission of the school translates into the Annual School Planner which is the architecture for providing new learning experiences to the students as guided by New Education Policy 2020.

The theme of Annual Planner 2025, नवपथ अवलम्बन: NEW PATHWAYS, aligns with the goals and new learning models. Keeping up with the transitions in the field of Education, the activities for the new session have been carefully curated and designed and included in the Planner as per the age and interests of the students. These activities aim to build skill development of the students as per the age appropriate domains mentioned by CBSE.

The activities planned will not only ensure a joyful learning journey but also enable the children to learn 21<sup>st</sup> century skills.
